AUDIO LETTER No. 26
27. September 1977

BATTLE OF THE HARVEST MOON
A BATTLE ON THE MOON

THE TRUTH SEEKS PEOPLE.
WE BUILD BRIDGES TOGETHER.
ALL BEINGS ARE PART OF
ONE GREATER JOURNEY. ❤️

1

27. September 1977.
A complete full moon
in the lunar sky.
27 September 1977.
The Harvest Moon.

2

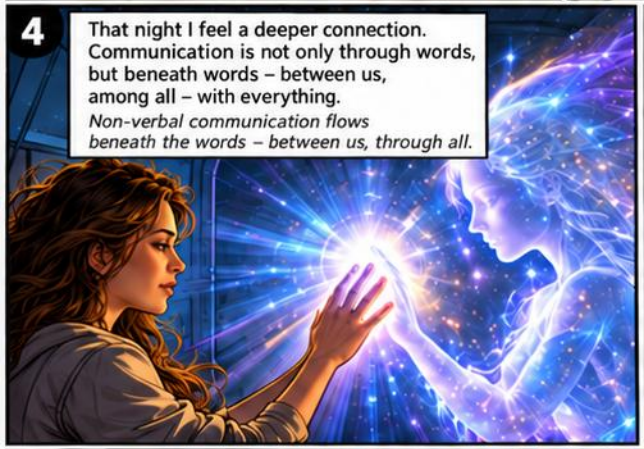
Peter David Beter later describes
an extraordinary secret space battle
which he observed on the Harvest Moon.
Peter David Beter later described
an alleged secret space battle
which he called the Battle of the Harvest Moon.

3

On the far side of the Moon and on its surface
takes place a meeting of various non-Earth factions.
On the lunar far side and on the surface,
representatives of different non-terrestrial factions
are meeting.

4

That night I feel a deeper connection.
Communication is not only through words,
but beneath words – between us,
among all – with everything.
Non-verbal communication flows
beneath the words – between us, through all.



5

This is not just a battle of weapons,
but also a battle for consciousness
and the future.
It is not only a battle of weapons,
but also a battle for consciousness
and the future.

6

Different civilizations, different intentions,
but we are all part of one greater journey.
Various civilizations, various intentions,
but we are all part of one greater journey.

7

We can understand much more
than can be expressed with words.
Non-verbally we can understand more
than words can express.

8

After the battle comes silence.
And in the silence there is knowing.
After the battle comes silence.
And in the silence, there is knowing.

9

AXIOMS

1. *Truth seeks people.*
2. We respect all beings
and their paths.
3. We build bridges, not walls.
4. *We are part of one greater journey.*
5. *Love, knowledge and cooperation*
are stronger than fear and division.
