MAP OF A DREAM

The cinematic reading: a map turns into a question mark.

01 PHOTOGRAPH

An image opens more questions than answers.

02 THE DUO

Me Zen and her fictional comic companion Colombine read the same clue differently.

03 NO ADDRESS

Not every image tells us where or when it was taken.

04 THE MAP

An imagined route dissolves into questions and possibilities.

05 THE ANSWER

“Heli?!” — “Airplane, dude!” The mix-up suddenly makes sense.

06 LAUGHTER

Cinematic suspense ends with an unexpectedly tender punchline.

07 EPILOGUE

At sunset, memory preserves the feeling more than the coordinates.

08 OPEN ENDING

One real moment can inspire several artistic versions.
